

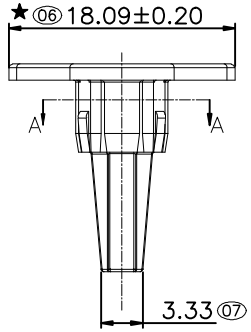
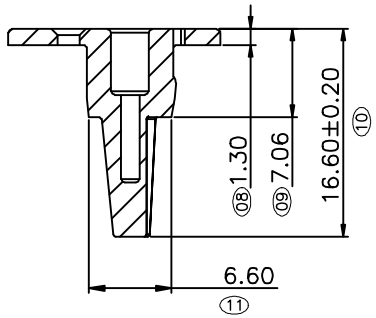
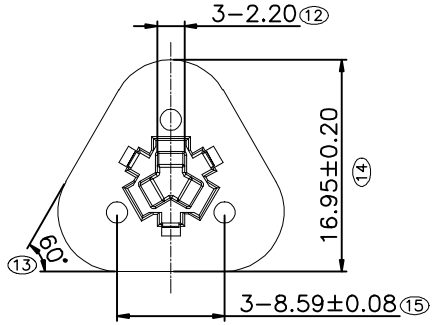
3D VIEW







Specifications
Operating Temperature:−55°C to +125°C
Material:
Regular Thermoplastic: Only Suitable for Wave Soldering Process (PBT).
Color of Materil: Green
☆All materials must meet Greenconn requirement for environment protection.
"★": Critical Characteristics.
indicates product characteristics, functionalities, and manufacturing processes regarding to customer's specifications
"☆": Safety Features
indicates product characteristics, functionalities, and manufacturing processes complying to legal regulations stated by local government
